Long overdue adaptation of a series that was popular 20+ years ago	The gang likes an isekai!	Two or more hosts have the same Top 5 List	Jacki thirsts for more blood and violence	The stream dies
That Hype Sakuga!!	Someone goes off on a tangent completely unrelated to anime	A show that's not even trying to hide the fact that it's a commercial for a mobile game	The "Slavery, But, You Know, it's Fine!" Anime	A 2nd Season for an anime that we've completely forgotten exists
MAPPA nabs another one of the season's biggest shows	A killer needle-drop/AMV moment	**FREE SPACE** SPONSORED BY 	Potato-kun gets a harem	A light novel adaptation causes someone to regret their life choices
Geoff gets very excited for an anime's voluptuous "plot"	The seasonal "problematic fave"/guilty pleasure	A show with a terrible title that ends up being really cool	Disney imprisons a show in the Hulu Hoosgow	James makes a joke that forces Lynzee to reconsider why she ever hired him in the first place
A cast of women who are only distinguishable by their hairdos	A character's boobs get more animation than the rest of the trailer	HiDive nabs a surprisingly great pick for streaming	A show with animation so bad that it makes everyone cringe	Someone makes a terrible pun (that still gets a laugh out of Lynzee)

Call List

Use this randomly generated list as your call list when playing the game. There is no need to say the BINGO column name. Place some kind of mark (like an X, a checkmark, a dot, tally mark, etc) on each cell as you announce it, to keep track. You can also cut out each item, place them in a bag and pull words from the bag.
